---

Dear Counsel,

Attached please find a cover letter and a spreadsheet containing jury data responsive to Items 1-5 and 8 of the Order. We are still reviewing the results returned re: Items 6-7. As soon as that information is available, we will send it to you.

Please let us know what questions you may have.

Re: Jury Data Disclosure, *USA v. Baca, et al.*, 15cr4268 JB and 16cr1613 JB;  
Information responsive to Items 1-5 and 8 of the Order.

Dear Counsel,

The accompanying Excel spreadsheet contains grand and petit jury data responsive to the Order Regarding Anthony Ray Baca's Joint, Unopposed Motion for Disclosure of Grand and Petit Jury Data [383, 16cr1613], filed March 15, 2017.

When reviewing the information, it will be helpful to know these things:

- There are two master wheels relevant to this information.
  - 15A was activated 2/10/2015 and is the wheel from which the grand jury in these matters was drawn.
  - 17A was activated 2/1/2017 and is the wheel from which the petit jury in these matters presumably will be drawn.
- The qualification questionnaire captures only race, gender and ethnicity information of each juror; thus, information on jurors' color, religion, national origin and economic status is not available.
- Cells left blank means that the juror declined to answer that particular question.

- Information responsive to Item 9 is contained in the response to Item 5 as we believe those overlap. Information responsive to Item 10 is contained in the responses to Items 1 and 2 as we believe those overlap.
- Structured Query Language programs ("SQL's") were developed by Conduent Company, through a contract with the Administrative Office of the U.S. Courts. When the SQL's were delivered to the court, our local Information Services team ran the SQL's against the court's Jury Management System database in order to extract the responsive data. The software engineer's SQL's are available upon request.
- Data responsive to Items 1-5 and 8 are set forth in the attached Excel spreadsheet. We had some feedback for Conduent as to Items 6 and 7, and therefore that data will be produced to you in a separate spreadsheet as soon as possible.

Please let me know if you have any questions or need anything further.
